

# EZP1 Stainless Steel Precleaner with White ConShear™ Blade

## Simple, Quick and Effective for Corrosive Environments

The EZP1 Precleaner is not your average solid-blade belt cleaner that mounts on the head pulley. It features a unique uni-blade design that combines simple, do-it-yourself installation, quick maintenance, and effective cleaning results with the added advantage of corrosion-resistant stainless steel components.

### Features and Benefits

- **White food-grade ConShear™ Precleaner** is chemical resistant, and all ingredients used in urethane formulation comply with the relevant requirements of 21 CFR (FDA Code of Federal Regulations) for use in repeated bulk dry food applications.
- **Stainless Steel.** Corrosive environments wear on any component, but stainless steel can protect against this.
- **Works with Flexco mechanical splices.** The spring tensioner allows the blade to quickly move away from the belt when a splice passes. The polyurethane blade material easily glides over the splice without damage and with minimal cleaning disruption.
- **Compact, streamlined design.** The Stainless Steel EZP1 Precleaner requires only 4" (100 mm) of horizontal clearance for correct installation. Its streamlined contours prevent material buildup on the blade or the pole.
- **Can be used on reversing belts.** Installing cleaners on both pulleys gives superior cleaning results on belts that run in both directions.
- **Fits most conveyor structures.** Available for belt widths from 12" to 72" (300-1800 mm).

**Self-contained spring tensioner**  
allows for measurable  
and verifiable tension.

# EZP1 Stainless Steel Precleaner with White ConShear™ Blade

## Specifications and Guidelines

- **Maximum Belt Speed**  
700 FPM (3.5 M/sec)
- **Temperature Rating**  
-30°F to 180°F (-35°C to 82°C)
- **Minimum Pulley Diameter**  
10" (250 mm)
- **Blade Height**  
7-1/4" (185 mm)
- **Usable Blade Wear Length**  
4" (100 mm)
- **Blade Material**  
Urethane 83 durometer  
Chemical resistant/food grade\*
- **Available for Belt Widths**  
12" to 72" (300 to 1800 mm)
- **Horizontal Clearance Required**  
4" (100 mm)
- **Vertical Clearance Required**  
9-1/2" (238 mm)
- **Pole Length**  
Cleaner size up to 48" (1200mm) + 30" (750mm)  
Cleaner size over 48" (1200mm) + 34" (850mm)
- **Maximum Conveyor Span**  
Cleaner size up to 48" (1200mm) + 25" (625mm)  
Cleaner size over 48" (1200mm) + 29" (725mm)

\* All ingredients used in urethane formulation comply with the relevant requirements of 21 CFR (FDA Code of Federal Regulations) for use in repeated bulk dry food applications.

### Pole Location Specs

A = Pulley Diameter + Lagging and Belt
